Discovered Test Scenarios

#	Scenario	Type	Priority
1	Discovered Workflow: Mortgage Initiation -- Partial	partial_flow	high

Discovered Workflow: Mortgage Initiation -- Partial

Test covers navigation to the mortgage site and initiation of the workflow, ending at the blank page blocker.

A prospective home buyer visits the Leumi mortgage site, clicks 'ליחתנ ואוב' to begin the mortgage workflow, but encounters a blank page preventing further progress.

- Use waitForSelector for the 'ליחתנ ואוב' button before clicking.
- Verify navigation to the mortgage workflow URL.
- Detect blank page or missing content as a blocker.
